GREEK RELIEF SUCCESSFUL

For the past week, the C.G.I.T. girls, under the sponsorship of the Bassano Red Cross, have been collecting used clothing for Greek relief. Cartons and string were donated by the merchants, and the Red Cross financed the shipping. Seven large cartons, weighing 420 lbs. have been shipped to the Committee for Greek relief in Calgary. Thanks are due to the citizens of Bassano, who responded so splendidly to this drive.

The Bassano C. G. I. T. Groups.

ATTENTION All Blood Donors

Blood donors are being asked by the Red Cross to pay strict attention to the red requirements immediately prior to donating the blood. A very large percentage of the blood being given is found to be faulty. This blood, not being suitable for shipment, is of little use in the present crisis and has taken up considerable time of an already busy staff. Donors are asked not to eat any fatty foodstuffs or milk for at least 12 hours before reporting to the Clinic.

The C. G. I. T. are planning a springtime afternoon tea and sale of home cooking and home-made aprons and handkerchiefs. This event will take place on March 25 in the Red Cross Room. Everyone is welcome. Come and help our local girls.

Resume Motor Car Production In U. S.

Limited production of passenger cars will begin in the United States by Sept. with the first new model scheduled to be on the market by July, 1945, says Ray Chamberlain, executive vice-president of the National Automobile Dealers association. He said that partial resumption of automobile production would be undertaken to meet transportation needs of civilians essential to the war effort.

More Krebit to Bassano

Three members of the Bassano Corps of the Royal Canadian Army Cadets, affiliated with the 22nd (R) Field Battery, R.C.A., are now entitled to wear Expert First Class (Boy's Division) marksmen Badges, according to an announcement from Capt. G. H. Hiltner-Bennet, District Cadet Officer.

The three Bassano marksmen, W. J. Stiles, N. Clark and L. Stiles, earned this award in the Miniature Rifle Match for Boys of the British Empire, 1943, when they obtained scores of between 85 and 89 points each.

A Word of Farewell

Mr. John Bacon, our dear co-worker who has served us during the winter so faithfully, has left us to go back on the farm. We surely will miss him. The time was too short to bid adieu to everything, but with the help of God we will continue to serve our Readers to the best of our abilities. We wish and pray that in twenty-four hours he will restore his health and take his friends with a good trip.

Think of it

Something to think of. The figure in our House Roll has now exceeded the first hundred. On hundred boys far away from home. How they would like to hear a little more from their homes and it is our duty to see they get it. We are so sure of our thinking of them and care for them. Could we not renew a link or their lives? Could we not make them about. There are few weekly news from HOME? As the days go by, they long more and more to hear from home.

How would it be if every group and society would raise a little fund and put it together and subscribe

Continued on page 3

Mid Week Thought
FOR BUSY PEOPLE

On more than one occasion we have expressed the conviction that cosmic disturbances and celestial phenomena would mark the concluding years of the present age. There was nothing new or original in that since the Scriptures clearly tell that such will take place. It is interesting, however, to have science admit that even today such phenomena are to be observed. A friend sent us the other day, an article from The Edmonton Journal entitled Arctic Weather Changing? It pointed out that the Soviet icebreaker Sedoff had drifted ever before reached by a raging wind. It indicates a slow thawing of the Arctic regions which has been going on for twenty years. During this time the fringe of the polar ice cap has been retreating steadily northward. Mr. C. G. S. Barrowdear, M.A., M.D., L.D.S., who sent us the article referred to, explained the cause of a letter he had written to the Edmonton paper. Because we believe it will be of intense interest to many students of prophecy we print it here verbatim. He writes:

"I read with interest the leading article in the Edmonton Journal, 'Is Arctic Weather Changing?' Your readers will, I feel, be interested in some facts and theories bearing on this matter. Some years ago I read a scientific article on suggested cause of the 'ice age'—Naachian Deluge. This writer sug-

gested that the separation of the Magnetic North from the true North was the cause of such a catastrophe. Some years ago there was a scientific expedition into the North Siberia. Ate diuvian animals were discovered buried in mud and their fish was eaten by some members of the expedition. Apparently they had been overwhelmed in the flood caused in mud and so preserved for thousands of years. The interesting fact is that in their mouths were tropical vegetation which they were chewing when destroyed by the cataclysm. This would suggest that when the Magnetic North and true North coincided the whole world enjoyed a warm or temperate climate.

'A few days ago I read an article in a British paper by a Mr. Albert Chase who prepares Nautical Charts in cooperation with the British Admiralty. He writes, 'I may explain for those not acquainted with nautical terms that Magnetic North at Greenwich is about eleven degrees to the west of True North and that the magnetic needle for over a hundred years has been moving toward the True North at the rate of about five minutes annually. Since the Great War—twenty years—the rate has more than doubled annually, in about another seventy years should the compass around the world be altered so that the magnetic needle for True North. No man can explain why, all the Admiralty can do is to regulate the change and alter the compasses on the ships'."

Commander Studd, R.N., mentioned that recently the Astronomer Royal who always predicted years ahead for the Nautical Almanac the times of the high and low water of the tides in all parts of the world has observed that the moon has in some months or other 'got out of gear' and accordingly it has been

necessary to recalculate the tide of the tables for future years for the first time in history.

'All nature seems to be out of joint all over the world.' These various interesting facts suggest that the Journal is correct and that the Arctic icecap is thawing in seventy years we may see the whole world enjoying a temperate climate."

Students of prophecy, such as Mr. Chase, must think that this is the fulfillment of Luke 21:28, political conditions being in the same state of chaos as those observed in nature. And reader, with all this happening are you still outside of Christ? His coming is near, will you be left behind? Hasten! enter the ark of refuge—Christ Jesus and thus shall be saved. Acts 16:31.

THE DOMESTIC

COAL SITUATION

COPY OF LETTER BEING SENT TO ALL MUNICIPALITIES.

We have just experienced one of the mildest winters this Dominion has had for many years. Lucky to equal. This has been a great saving on all kinds of coal, and we are now faced with idle days in our domestic mines.

Jan. 31, 1944 found all domestic mines pretty much caught up with back orders. The first time in 20 months going back to April 1, 1943, which is the seasonal date of the beginning of the 1943-44 season, all our mines, including small gopher holes mined steadily until Jan. 31, 1944, except for the usual breakdowns and the short strikes occurring in May October.

Even with this steady employment in the 10 months from April to Jan. inclusive, and with the favorable weather conditions, we were only then able to catch up with a large amount of back orders remaining unfilled.

NOW WHAT WOULD HAVE HAPPENED IF WE HAD HAD A NORMAL NOV. DEC. AND JAN.

We must not allow these mines to have idle days and lose production. Now is the time to contact your dealers, hospitals, schools, public buildings and consumer public, urging them to purchase coal for storage purposes IMMEDIATELY. It is up to you to protect the public and yourselves.

Your co-operation, Please,
Yours truly,
W. J. Taylor
Regional Allocation Officer of the Coal Controller.

RATION BOOK 4
—WHEN AND WHERE YOU GET IT

Distributing Centres will not be open on all days of next week. Make sure that you know exactly what days and hours the Distributing Centre you intend to go to will be open. Help the volunteer workers by following instructions carefully.

RATION BOOKS WILL NOT BE MAILED OR DELIVERED—THEY MUST BE CALLED FOR

HERE IS WHAT YOU DO TO GET YOUR NEW BOOK

- 1 Fill in the application card—the first post-card in your Ration Book 3. Do this at home. The application card is printed in red and is numbered RB-99. DO NOT USE ANY OTHER CARD. Follow the method shown.
- 2 Be sure to PRINT clearly, accurately and completely all information required on the card. BECAUSE THERE ARE NO COUNTIES IN WESTERN CANADA, IN LINE 5 STATE THE MUNICIPALITY (URBAN) OR RURAL IN WHICH YOU ACTUALLY RESIDE, REGARDLESS OF YOUR POSTAL ADDRESS.
- 3 Sign at the bottom with your usual signature. Persons of 16 years or over must sign their own cards. Cards of persons under 16 years must be signed by parents or guardians.
- 4 Applicants must bring their Ration Books with them to the Distributing Centre. Children under 16 may not apply for Ration Books for themselves or for other members of the family.
- 5 Do not detach application card from your Ration Book. This must be done by an official at the Distributing Centre. If accidentally detached, bring the application card along with your Ration Book.
- 6 ARMED FORCES: All members of the Armed Forces, whether on permanent subsistence or not, will obtain their Ration Cards from their own Units.

- 7 APPLYING FOR BOOKS FOR OTHERS: Any responsible member of a household may apply for Ration Books on behalf of other members of the household, or for neighbours unable to apply in person, providing Ration Book 3 with properly filled in application card is presented.

WARNING: Be sure you get your new book while your Distributing Centre is open next week. Otherwise, you will not be able to obtain your new book until April 17.

RATION BOOK 3 CONTAINS UNUSED COUPONS YOU WILL NEED. DON'T DESTROY IT

Alberta Gets
800,000 New
Ration Books

Some 800,000 new ration books are now in the hands of 53 Local Ration Boards situated throughout the province and the Peace River Block of Northern British Columbia, ready for distribution to citizens throughout the region, says C. G. McKee, regional superintendent of rationing.

From Local Ration Boards these copies of Ration Book 4 will be allotted to cover 1000 conveniently situated centres to which citizens will apply during the days of distribution.

Volunteers man each distribution centre, prepared to check Ration-Book 3, and record the information from it to Ration Book 4. Volunteers working all across Canada saved the country over half a million dollars during the last distribution campaign; the superintendent stated.

"Personal distribution is more effective than mailing, and relieves already overburdened post offices," he said.

Mr. McKee reiterated points to be observed in obtaining new ration books:

Watch your local newspaper for distribution dates, which may vary in each locality, and for the address of distributing centres.

Late applicants will not be able to obtain new ration books until April 17.

Print proper information on the red-lettered card, RB99 in the back of Ration Book 3. Note line 5 which requires that you fill in the name or number of the municipal district in which you reside.

Present ration book 3 to obtain Ration Book 4.

Do not destroy Ration Book 3 which entitles F coupons for canning sugar, not yet valid.

Any one member of a family, or of a remote community, if over 16 years of age can obtain ration books for the others, if he presents their copies of Ration book 3 with card RB99 properly completed.

CANNED RHUBARB

Ottawa.—Canned rhubarb and canned crabapples are removed temporarily from WPTB rationed fruits. After May 1, coupons will be required for canned rhubarb, and after June 30 coupons will be required for canned crabapples.

Calgarians would
Bomb 'Eternal
City'

Voting in the Knox United "Cal-hup Poll" Sun. evening, 94 per cent of the church-goers attending answered 'no' to the question: 'Do you think that Rome, exclusive of Vatican City, should be spared the bombing that other cities of enemy-occupied Europe are experiencing, even though Allied military operations were hampered to some extent by such a policy?'

Six per cent of the voters answered 'yes' to the question.

"Do you think that this country should open the way for the admission of a large number of refugees, to bring this country into line, proportionately, with Great Br. and the United States? If, drew 68 per cent 'yes' answers, and 32 per cent 'no'.

To the question, 'Do you favor this bill before the Alberta legislature which would lower the voting age in this province from 21 to 18 years of age?' 62 percent answered 'yes' and 37 percent answered 'no'.
